

## Accident Report

I was leaving San Joaquin City about 3:45 P.M. on Jan. 11, 1999. It was sunny and clear. I turned onto Kasson Rd. heading eastbound. There were four vehicles in front of me, three cars and one truck. (white Chevy 1970s). When we got to S. Airport way about 1/2 mile away, there was no cross traffic. Each car stopped at stop sign and then proceeded. When the truck reached the stop sign, ~~he started to~~ he stopped and then started to go when his tailgate fell. He then quickly stopped. When he did, I was moving and tapped his tailgate with the front of my truck. We both got out of our vehicles to see if there was any damage. I told him I was sorry, and he said that's OK all the damage is to your truck. He then said it's no problem, and lifted the tailgate, got back in his truck and drove off. I continued to the yard and told Duane Bridgewater what had happened.
