Dear Ms. Piazzisi:

This letter is in regards to your inquiry of Donald Meidinger dated March 10, 1993.

I have reviewed Dr. Weston's report in which he states that the patient should be limited in running and jumping. He felt there were no limitations in regards to walking or doing activities with the Mosquito Abatement District. I agree with this evaluation. I do not feel that this in any way limits the patient from doing his occupation.

If there are any questions, please feel free to contact me.

Sincerely,

Darryl W. Kitayama, M.D.
