DONALD MEIDINGER, Injured Worker

DONALD MEIDINGER VS. COUNTY OF SAN JOAQUIN, et al

§139.3 (a) notwithstanding any other provision of law, to the extent those services are paid pursuant to Division 4 (commencing with §3200), it is unlawful for a physician to refer a person for clinical laboratory, diagnostic nuclear medicine, radiation oncology, physical therapy, physical rehabilitation, psychometric testing, home infusion therapy, or diagnostic imaging goods or services whether for treatment or medical/legal purposes if the physician or his or her immediate family has a financial interest with the person or in the entity that receives the referral.

(b) For purposes of this section and §139.31, the following shall apply:

(1) "Diagnostic imaging" includes, but is not limited to, all X-ray, computed axial tomography, magnetic resonance imaging, nuclear medicine, positron emission tomography, mammography, and ultrasound goods and services.

(2) "Immediate family" includes the spouse and children of the physician, the parents of the physician, and the spouses of the children of the physician.

(3) "Physician" means a physician as defined in §3209.3.

(4) A "financial interest" includes, but is not limited to, any type of ownership, interest, debt, loan, lease, compensation, remuneration, discount, rebate, refund, dividend, distribution, subsidy, or other form of direct or indirect payment, whether in money or otherwise, between a licensee and a person or entity to whom the physician refers a person for a good or service specified in subdivision (a). A financial interest also exists if there is an indirect relationship between a physician and the referral recipient, including, but not limited to, an arrangement whereby a physician has an ownership interest in any entity that leases property to the referral recipient. Any financial interest transferred by a physician to, or otherwise established in, any person or entity for the purpose of avoiding the prohibition of this section shall be deemed a financial interest of the physician.
