will be VECTOBAE - AAK - & VECTO CROPSHAY COMBO
~~PAR - AAK - BTX - Oursban - VECTOBAE & GRANULES -~~
VECTOBAE (which is VECTOBAE & Oursban) in our cold
Foggers pyrethrum ^{CROPSHAY} & ~~A.A.C.~~ MGK
We Flew 39,000 ACRES of Ground Treated ? ACRES

ALTHOUGH insecticides have been reasonably
successful in rice field mosquito control,
the necessity for repeated treatments on
large rice acreages has been economically
infeasible for all but a few M.A.E.s

As a result, biological control has become
an alternative. The Mosquito Fish is
being employed for the rice field mosquito
by all Districts
