RE: Merlin@ Home
2014 Appointments

Dear Merlin@Home patients,

Attached are your 2014 Remote and In Office device check schedule. Please keep these for reference.

Remember that the **REMOTE** follow-ups are done at home and the **IN OFFICE** appointments are made for you to have your device checked regularly in case changes need to be made.

Also, if you have a wireless transmitter, please keep your transmitter plugged in at all times so that your device will automatically transmit on the remote days. This is also important as it monitors you daily to ensure your device is functioning properly.

It is important to maintain compliance in the monitoring of your device both remotely and in office. If you need to make changes to your remote or in office schedule please feel free to contact me at (209) 464-3615 ext. 128. Questions are always welcome as well.

I hope that you and your family have a wonderful holiday season as well as a Happy New Year.

Sincerely,

Laura Linneman
