Re: Complaint Regarding the Use of Formalin at White Slough Facility

Dear Supervisor Elliot,

The complaint received by the Board of Supervisors was previously investigated by the 2011/12 San Joaquin County Grand Jury, San Joaquin County Agricultural Commissioner's Office, and the State Division of Occupational Safety and Health (CALOSHA). In addition, our District has conducted an in house investigation to the extent practicable.

In summary, the San Joaquin County Mosquito and Vector Control District was not found to be in violation of any of the alleged claims from Ms. Anderson. All supporting investigation reports are located at the District's Stockton Office and available for review.

Please do not hesitate to contact me should you have any questions or need additional information.

Sincerely,

Eddie Lucchesi
Manager
