ROSA LEE
Assistant County Administrator

January 15, 2014

Tiffany Anderson
2 N. Avena Avenue
Lodi, CA 95240

Dear Ms. Anderson:

Response regarding San Joaquin Mosquito & Vector Control - Hazardous Conditions

This letter is in response to your letter dated December 10, 2013, regarding a request for assistance with the investigation of several hazardous conditions of the San Joaquin Mosquito & Vector Control District (District). In my office's research of the complaint, it was discovered that this letter had been sent to other departments within the County and your complaints are being addressed.

The Agricultural Commissioner's Office sent you a response dated December 18, 2013 informing you that a copy of an investigation they conducted on the use of formalin was recently mailed to you. Additionally, the Environmental Health Department, along with the California Department of Toxic Substances Control, met with you on December 20, 2013, to discuss your complaints. At that meeting, the representatives of the two agencies discussed which concerns they could address under their respective jurisdictions, and informed you that Cal-OSHA recently sent a letter to the District requesting responses to questions posed by District staff.

I am confident the County departments responding to your letters will sufficiently address your concerns. Please let me know if you are not satisfied with their efforts.

If you need additional information, please contact me at nino@sjgov.org or (209) 468-3203.

Sincerely,

Monica Nino
County Administrator
