Dear Ms. Anderson:

The Board of Trustees has reviewed your complaint and my investigation of that complaint. Having considered the information, the Board has determined that no further steps are necessary at this time.

Please understand that individual members of the Board are not able to take action independently from the Board. If you have information that you wish to convey to the Board, that should be not sent by e-mail to individual members, but instead sent by mail to this office so that I can inform the Board as a whole.

Sincerely,

Christopher K. Eley
