January 29, 2014

Mr. Eddie Lucchesi, Manager  
SJC Mosquito & Vector Control District  
7759 South Airport Way  
Stockton, CA 95206

Dear Eddie:

This letter is a response to all of the prior document requests related to my 6/29/2011 work injury. That injury file was initially opened by Manager John Stroh and since his retirement has been forwarded to you for handling and resolution.

I am replying to any and all prior correspondence including those labeled as or covering the topics of:

- Return to Work
- Work Accommodations
- Work Restrictions
- Request for Medical Records

I have been in communication with the EEOC and believe that the medical report of Dr. Gary T. Murata (dated August 16, 2013) to be the final medical opinion and that it answers all of the previous, above-mentioned requests. It lists what I can and cannot do. I am hereby enclosing a copy of that medical report for you to review and use at your discretion.

Once you have reviewed this report, please let me know if the District has a position or a soon-to-be-vacant position where I can be integrated back into active work status with the District. A response within five working days would be extremely appreciated.

Sincerely,

Tiffany Anderson
