Mr. Eddie Lucchesi, Manager
SJC Mosquito & Vector Control District
7759 South Airport Way
Stockton, CA 95206

Dear Eddie:

In reading over the District's 2013 Annual Report, I saw an error on page 20. This page lists the employees and their years of service. As you wrote to me on November 19, 2013, I am still considered an employee of the District (and as of today I remain on the District's website, atop the Staff page).

I started working for the District on the same day as Norm Hopkins (4/19/2004), so we should both have the same number of years of service. He is listed as having 9 years of service so I should also be listed as having 9 years of service. I have requested a return to active work status but you have denied me. The 6 years of service attributed to me on page 20 of the Annual Report is therefore incorrect.

Please correct this error in your next Manager's report to the Board, on Tuesday, May 20th. Thank you.

Also, as my ten-year employment anniversary just occurred, please let me know if there will be some kind of pin or plaque or lunch that goes along with being a ten-year employee of the District. Again, if Norm Hopkins (or Morgan Bennett) were to be so recognized, then so should I. My five-year service pin (with the old logo) currently sits on my bookshelf.

Sincerely,
/ S /
Tiffany Anderson
