Subject: RE: Request for information

Tiffany,

Regarding the posting of Zone 18, because of the uncertainty of your work status, and with mosquito season upon us and the need to have staffing of all zones, we are allowing current employees interested in transferring to Zone 18 to be considered (per the MOU). Once we have identified a vacant zone due to any transfers, we will work to fill the vacant zone with a new employee. When you return to work, we will return you to Zone 18, and make any other moves necessary to provide for full staffing.

John Stroh
