Dear Ms. Anderson:

A Qualified Medical Examination has been scheduled for you with the above named doctor on **06/15/2010 @ 9:00 a.m..** **It is extremely important that you keep this appointment.** If you cannot keep this appointment **you** must notify the doctor's office five working days in advance. Please note, however, each office has its own policy regarding how many days notice is required to avoid a late fee. If you do not cancel your appointment on time, the doctor's office will charge a substantial cancellation fee for which **you will be held responsible.** This office **will not be responsible** for the fee.

Failure to keep this appointment may affect your benefits and it delays the adjudication of your claim. It may even result in dismissal of your claim. If you are allowed to reschedule, you may have to wait up to one year to get another appointment.

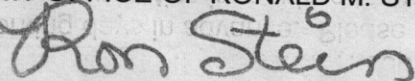

If you did not receive directions to your appointment please contact the doctor's office directly to request directions. Make sure that you arrive one hour early for your appointment in order to answer any pre-exam questions.

Please remember to tell the QME doctor what you cannot do now and what you could do prior to the industrial injury. It is also very important to let the doctor know the names of all of the medications you are taking.

Please feel free to contact this office with any questions.

Very truly yours,

LAW OFFICE OF RONALD M. STEIN, INC.
