

~~Bob Barron~~

07

When brought to supervisor's
attention he said what about
all the ditches on Mandville, Roberts,
McDonald. Forget it. Prioritize. I
do not know what this means.

Janine & her privacy

Sunday July 8th 3:00 a.m. QT.
carpool.

6:50 a.m. Janine Norm & Me in
break room. Janine thanks Norm
for picking her up at 3:00. She
proceeds to give him directions
back to where he picked her up.
She said you go down 99 to
Woodbridge Rd and follow it down.
Then she says I can't wait to go
home and get in my bed.

Bob Durham's home is in Woodbridge
Janine lives in Lodi.

Norm confirmed on the 9th he
took her to Bob's.

50

experiments of forward motion
told today. Line of rotation
stated which are suitable for the
position of the ship when
crossing latitudes and tan 25°

poorly retained
70 made the following
changes
at all times must make
most small wind most
dangerous to ship and
enclosed midship at about
one and half weeks after
of PP nothing can be said
which is called has to be applied to
it from head to toe we will
had you at the end small
amounts of small amounts of
nitroal at each minute
and at first we were about 1000
and it did not
