Re: 2011-12 Negotiated Salary Increases

REC'D JUN 28 2011

Per signed employee agreements 7/1/11, District is to make a one-time payment to **full time, regular** employees signatory to current employment agreements, an amount equal to 2% of the employees' current base wage. Per my computation, your payment will be \$1,061.37 based on the bi-weekly base salary of \$2,041.10 (annually, \$53,068.60).

Employees who are currently enrolled in either the Financial Center Credit Union or Nationwide Retirement Solutions 457(b) plans have the option to defer the **one time** 2% lump sum payment as a contribution to the deferred compensation plans. The election applies to the entire 2% lump sum; no partial amount is permitted.

Please check one the boxes below to indicate how you wish the funds to be distributed:

I elect to:

- Defer the 2% lump sum payment to my 457(b) plan with Financial Center Credit Union
- Defer the 2% lump sum payment to my 457(b) plan with Nationwide Retirement Solutions
- Take the 2% lump sum payment as a cash distribution

Please sign and date this form and return to me no later than July 5, 2011. If I don't receive the form by July 6, 2011, I will assume you would like to take the 2% as a cash distribution. Thank you.
