Subjective

Subjective HPI

Pt feels ok, no dizziness, states had constipation then took laxative had 3 loose BM and since no more diarrhea since 6/26.

Problem List

Active Problems

Chronic kidney disease stage 4
Congestive heart failure

Objective

Allergies

Coded Allergies:

latex (Mild, Rash 06/27/13)

Converted from Drug Class Allergy: Latex

Sulfa (Sulfonamide Antibiotics) (Severe, Convulsions; REACTION AS A CHILD. OK TO TAKE LASIX 06/27/13)

Converted from Ingredient Allergy: Sulfa Drugs

morphine (Mild, MAKES HER FEEL FUNNY 06/27/13)

General Appearance Alert, Oriented X3, Cooperative, No Acute Distress

Respiratory Clear to auscultation

Neck +2 Carotid Pulse wo Bruit

Cardiovascular Regular

Abdomen Normal Bowel Sounds, Soft, No Tenderness

Extremities 1+ pitting edema w/ mild erythema and calor, non TTP

Pain (1-10): 0 No Pain

Oral Intake % 100

Activity level: Ambulates in room

Foley? Yes

Date foley placed 06/27/13

Last BM 06/26/13

Isolation? Yes

Reason- MRSA

Assessment/Plan

Problems & Plan

Problems

Acute/Active Problems:

Chronic kidney disease stage 4 (GFR 15-29) (Active)

Congestive heart failure (Active) EF 25%

BLE residual cellulitis, edema

Near syncope

DM

HTN

N/V/D resolved

- decrease lasix and change to po
- cont w/ po ABx for 7 day course

Diagnostic Imaging Report

Lodi Health
975 S. Fairmont Ave
Lodi, CA 95240

Patient Name: PARVIN,MARY JEAN DOB: 03/16/43
MRN# M053082
Account# V024774473

Accession: 21312.001LMH

US Carotid Bilateral

Exam Date: 06/28/13

Total exam DLP: (mGy-cm)

History: Syncope

Gray scale, color Doppler and duplex Doppler evaluation of the carotid arteries demonstrates minimal plaque formation. Vertebrals demonstrate forward flow.

Right:

Peak systolic velocity in cm/sec: Proximal 24.3; Mid 30.9; Distal 37.9

ICA:CCA ratio:0.9

Left:

Peak systolic velocity in cm/sec: Proximal 40.4; Mid 44.9; Distal 37.8

ICA:CCA ratio:1

Impression:

No evidence of significant internal carotid artery stenosis.

Study is evaluated in consideration of the consensus statement from the Society for Ultrasound in Medicine.
