Tiffany,

I spoke with Dr. Eck today re: your comments below. He stated that you are under no obligation to return on 7/13/2011 at 9:30 if there are no outstanding medical issues. We also discussed the option of you seeing another doctor, which would be available at U.S. Health Works other office in Stockton. If you feel a need for a follow-up visit but want to be seen by another doctor, please let me know immediately so that I can schedule your follow-up appointment at their other office.

John,

Thank you for the follow up.

At this time would not care to return to U.S. Health works.

Tiffany
