Dear Dr. Murata:

Enclosed hereto is Ms. Anderson's job description, please look over it with her, and determine what parts of the job she can and cannot do.

We are requesting this doctor, because her boss is hindering her from returning to work, due to Dr. Tabaddor's PQME report of June 15, 2010. The doctor stated in the report "She may return to her previous occupation although should be precluded from jumping, running, and prolonged periods of standing. She should be allowed to rest five minutes after standing about 20 to 30 minutes."

I would ask that once you determined; whether there are any parts of the job she can or cannot perform, you forward your response to our office.

Very truly yours,
