Mr. Eddie Lucchesi, Manager
SJC Mosquito & Vector Control District
7759 South Airport Way
Stockton, CA 95206

Regarding: Requesting resolution with the District

Dear Eddie:

I am writing you today in an attempt to bring closure with the District. I expect you to share this letter with the entire Board of Trustees. This is my attempt to settle any and all of my pending claims against the District.

In my opinion, the District is responsible for the negligence of both John Stroh and yourself. I believe that you both acted with a lack of care to keep me from harm. Your actions caused me to suffer injuries to my right knee. Your actions caused me to be exposed to a carcinogen (or more than one) without my consent, you denied me the right to be informed, and you withheld that knowledge of exposure from the physicians who treating me for exposure-type symptoms. Under the legal doctrine of respondeat superior, the District is responsible for the acts of management while acting within the scope of employment.

In full and final settlement, I hereby demand \$3,500,000.00 dollars, plus full lifetime medical coverage. The monetary figure would be designated as pain and suffering so as to avoid taxation. Also, an additional amount of \$37,700 shall be set aside for a donation to a charity of Vickie Bridgewater's choice plus a plaque in honor of Duane Bridgewater for his years of service to the District, to be displayed at the main office.

The District is hereby given a deadline of 3 P.M. on Friday, September 5, 2014, to either accept or make a counter-offer. Failure to reply or make a counter-offer by that deadline will trigger further preparations for litigation.

The District through its management has caused me physical and emotional harm. This is my attempt to be made whole and to end my relationship with the District.

Anything short of a serious reply at settlement will make it clear to me that you'd prefer to continue trying to hide your past failures at protecting my safety. Failing to reach a settlement, I will continue to seek any and all state and federal legal remedies available to me.

Sincerely,

Tiffany Anderson
