Mackenzie,

I have made multiple attempts to contact you. I need a response. I would appreciate a response from someone from AIMS.

I am requesting a portion of the settlement compensation that is awarded at the end of my settlement when the Dr concludes my condition to be permanent and stationary.

I am requesting the amount of \$1,000.00. If this resource Its a legal right to request I want to assert that right at this time.

I do not have legal representation so I am advocating my rights

Attached is the copy of my current step raise.

If I do not have any right to the award, please fax me the answer or leave a contact me by phone, as my financial need is urgent. I understand you may have to mail a copy but I need to know now.

If you are no longer talking to me I need to be informed of whom I talk to regarding my rights, questions and needs.

Thank you
Tiffany Andersson
