Hi,
 Bactrim will be the right medication for bladder infection that you had. Start taking that.
 I have sent the request for vit B12.
 Please pick them up from pharmacy and take them to injection clinic. They can do it every month.

 Subject: question on meds

Dr Jasti
 I started the amoxicillian on friday. I was starting to get sick again. So, I am unclear as to if I can take the Septra and the amoxicillian? The infection is better but it's not gone.

B shots. I would like to try. Do I see you? How does this work? Thank you.

I'll be out tonight killing those pesky mosquitoes. I am working 12 hour days split from 5 a.m. to 11 p.m. talk to you soon.
