Regarding: Mary Jean Parvin

Dear Arbor:

I am writing you today **solely** as Mary Jean's advocate, not as her decision-maker. As her advocate I would like to see the following things happen for Mary Jean:

1. I would like for her to get back into physical therapy and not be physically-restrained in her room;
2. I would like for a physician and a chaplain to talk with her and monitor her taking of her medications;
3. I would like for her to be taken off of any psych drugs that she may be on.

Mary Jean Parvin is her own agent and will do whatever she feels is correct. I was previously forced to sign under duress a document agreeing to psych drugs for her and I regret having so signed. Again, I write to you today as her advocate, only.

Sincerely,

Tiffany Anderson
