October 12, 2011

Mr. Eley,

This is a follow up letter regarding our phone conversation we had on October 10, 2011. I am offering to withdrawal the 132A discrimination suit against San Joaquin County Mosquito & Vector Control District, if John Stroh is willing to continue providing work in alignment with the restrictions my physician prescribes until a time is reached when I can return to work at full capacity.

It is my belief this is a win win proposition for all parties involved.

Please discuss this with John, The Board and any other parties involved in this matter and feel free to contact me with any questions.

Sincerely,

Tiffany Anderson
