Subject: Return to work

11-10-2009

Dear Mike,

I am writing to you today to express my concerns of returning to work.

I am excited to be returning. My concern lye's with the atmosphere in which I will be returning to.

It is my hope that you and the board have not taken lightly my communications I have shared. I will trust you are doing your job of investigating the information I brought before you.

I expect to return to a safe work environment free of any activity that breaks the law in regards to harassment or hostility or any other right I am entitled to by State and Federal law.

Sincerely,

Tiffany Anderson
