Regarding: Anderson v. SJ County Mosquito and Vector Control District

Dear Attorney Abdullah:

It has now been five months since our demand letter was sent to opposing counsel. I've not been given any recent update on the status of the case. In seeking a copy of my termination letter yesterday, I was told by management that I had not, in fact, been terminated.

I am writing you today to terminate our client-attorney relationship and thank you for your efforts on my behalf. I intend to secure other counsel to continue my case/claims and pursue all available remedies.

Please mail me any replies or other information that you receive in regards to me, to my address as it appears above. Again, thank you for your legal assistance earlier this year. I wish you well.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Tiffany Anderson', followed by a long horizontal line.
