

Subject: up date

Bob- My work status has been extended up to my surgery date. My last day of work is November 23.

I have a question but first I need to give you some back ground.

My physical therapy authorizations were prescribed last Friday. With the holiday allowing for two days short this week the appointment availability was difficult to get assigned. In fact both days I am triple booked.

I have an appointment scheduled at 12 pm Tuesday the 22nd. I will be going into in the morning. Eddie wants me to come back at 3 for 1 hour. The problem may take care of itself because if they are triple booked all day my appointment may take longer.

Since I can remember there has been a standing rule that 4 hours are given to an appointment. Is this written in our MOU some where or is this just another verbal policy?

My friend Vicki and the wife of the deceased Duane Bridgewater has been attending board meetings. She say this last meeting our budget was discussed. It was mentioned that the employees make too much money and our benefits are too good. Do you think you might want to attend a few meetings and find out what these guys are up to?

Let me know about the first item please.

Sincerely,

Tiffany Anderson
