

November 30, 2009

Dear Luz,

I would like you to add this letter to my file. It is my response to Mr. Eley.

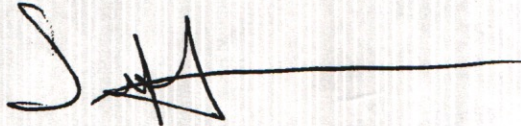

My plans are to stop by the office one day to touch base with you. I have a QME letter that came certified and I am unclear as if I need to fill it out. I noticed a copy was sent to your office. I am swimming in papers and documents so I will embrace your direction in regards to the correspondence from AIMS.

My union rep told me this as of the 25th. There is no need for his services as I am not the person under investigation. He encouraged me to continue down my path as he believes I am heading the right direction. He also informed me that he needs to stat back, due to the fact that if I am successful in getting the investigation due to me there are employees he represents who will be in need of his services.

This is all I know for now.

See you soon. Take care.

Sincerely,

Tiffany Anderson

Thanks
Bob
