Mackenzie,

Jacob from Unum is my claims adjuster for our secondary insurance company. As mosquito abatement employees we do not pay into state disability, therefore I have no right to draw from the system.

Jacob said he missed your call today. Thank you for making an attempt prior to your Christmas party. This is very important to me.

Jacob said he would take a verbal confirmation from you that my ttd's are all tapped out. For future payments I will need confirmation in written document form.

By talking to Jacob today it was made clear your hours contradict each others. Tomorrow Jacob will only be working until 12 noon. If there is any way you can communicate with him prior to this time I would greatly appreciate the effort. If not and you have a document, can you send it to either of us in a pdf or fax?

I have PT at 3 tomorrow, otherwise I will be available. If you plan to send a fax I will need advance warning to set up my phone.

Thank you for authorizing the round of PT, I can now start my phase of recover and return.

Thank you,

Sincerely,

Tiffany Anderson
