Regarding: Claims against SJC Mosquito & Vector Control District

Dear Sara:

I'm writing you today because I continue to believe that we can work to improve our discovery efforts. It was at our first or second meeting when you brought all of my files to WCAB and you offered me an opportunity to review them. Due to time constraints that day, I was hardly able to make a start of reviewing all of the discovery that you were making available.

I'd like to revisit that opportunity if at all possible. I know it appears that I'm difficult to work with but I'd like to move the discovery process forward. I'm offering to come out to your office in Santa Rosa on a mutually-agreed upon date to renew reviewing your office's files on me. Just set me up in an ample room first thing in the morning with an electrical outlet I'll bring my own scanner.

Please give this request some serious consideration and then reply to me through the WCAB building. Thank you.

Sincerely,

Tiffany Anderson
