Department: 4999554000 – SJ Co Mosquito Abatement

Dear SJ County Auditor-Controller:

My name is Tiffany Anderson and I worked for San Joaquin County Mosquito Abatement. I have been looking over my payroll records and trying to make sense of what my employer did with my vacation, sick, and family time. Despite my requests to them for all timesheets, I am still missing a large number of dates going all the way back to my first year of employment, 2004. I am hopeful that you can assist me in piecing together an accurate and complete picture of my past records.

I am requesting from your office a complete audit of my payroll records with Mosquito Abatement for the years 2004 to 2011. I look forward to your promptest attention to this request. Thank you.

Sincerely,

Tiffany Anderson
