

## Mission / Vision

**Mission:** The Mosquito Research Foundation funds research that enhances our understanding of mosquito ecology along with strategies for their surveillance and control. Mosquito Research Matters!

**Vision:** The Mosquito Research Foundation envisions a world that is free from all mosquito-borne diseases.

## MRF Core Values

**Environment:** We are committed to research that reduces the environmental impact of mosquito control.

**Effectiveness:** We constantly strive to fund research that increases the effectiveness of mosquito control technologies and techniques.

**Long-term Approach:** We believe we are nurturing the next generation of researchers through research funding.

**Impact:** We are committed to translating the outcomes of MRF-funded research into practice at the district level.
