

PRESIDENT DONALD J. TRUMP

0031320

Wednesday Morning

Dear Ms. Anderson,

The agenda I ran on in 2016, and tens of millions of Americans like you supported, remains THE Winning Agenda that every Republican seeking office in 2020 should embrace and promote.

I consider folks like you who have made financial commitments to my political efforts to be the backbone of our Party. I need your continued help to unite our Republican Party and prepare it for a resurgent, nationwide victory in the next election.

As President, I am leading the fight to improve border security, fix the broken healthcare system, maintain economic growth, appoint federal pro-Constitution conservative judges, rebuild our military, and make government more efficient and responsive for all, especially for our great American Veterans.

But I am getting a lot of push-back from the Washington, D.C., establishment, from the Democrats who now control the U.S. House of Representatives, and even from a few second-rate Republicans who ran for office to get attention, rather than to serve the people.

All the while, the biased, lying media proclaims over and over that it's time for me to be "moderate" and start compromising my agenda.

They want me to basically step aside and follow Nancy Pelosi's lead...

... Thankfully, I don't really pay attention to what the establishment, the Democrats, a few Republican grandstanders, and their pals in the Liberal media want.

Ms. Anderson, you sent me to Washington, D.C., to change the culture, drain the swamp, and turn our country around. And your loyal support has sustained me.

I've made historic progress in a very short time, but to bring about lasting, meaningful reforms and changes, we need another strong Republican showing in the 2020 elections. And I am counting on close friends and supporters like you to help me NOW, more than ever before.

That's why I am asking you to complete the enclosed **Trump Winning Agenda Survey** and return it along with a contribution of \$30, \$45, or even \$60 in the postage-paid envelope provided.

Your responses will let me know how you feel about my accomplishments, my policies, and my agenda. Please complete your survey and return it with your contribution immediately.

I am President today because my platform resonated with patriotic, hard-working

(Over, please)

men and women like you – and because you knew I would fight for you, your family, and our country.

You are the reason I stepped away from my tremendously successful business career to run for office. Only by continuing to work together can we achieve our shared goal of returning control of the federal government to the people.

That's why I am hoping to collect surveys from millions of Americans like you to show that the massive coalition of voters who supported me in 2016 remains united...

...And my agenda remains THE Winning Agenda that voters across the country want to see implemented in Washington, D.C., and supported by Republican candidates running for office in 2020.

Of course, I don't have any doubt about where my loyal team of grassroots supporters stands on my record and my agenda.

If you've seen any of my political rallies you understand why – they are overflowing with tens of thousands of enthusiastic men and women cheering for the tremendous prosperity, security, and success my policies have brought about.

No one has ever held political rallies like mine!

I love to remind the crowds that the Fake News vultures at the back of the rallies aren't there to report the massive crowd size or the huge applause...

...The lying media is only there hoping for a "protester" – usually some radical paid by the Democrats or their allies – to disrupt my speech. They are not good people.

The fake news media ignores the historic progress my Administration has made on so many fronts, and when they do talk about my record, it's with a bitter Liberal spin that misrepresents the extent of our record-breaking success on jobs, the economy, deregulation, rebuilding the military, and so much more.

Their goal is clearly to undermine my Presidency and help pave the way for a total Democrat takeover of the federal government in 2020.

We can't let that happen or everything you and I have fought for will be quickly wiped out as the angry, aggressive, extremist Liberals jump-start their drive to bring European-style socialism to our nation.

There is no underestimating how far to the Left the radicals who now control the Democrat Party would take this country if they regain control of government.

(Next page, please)

I have ended failed Obama-era economic policies, rolled back the job-killing regulations on business and industry, pulled out of the disastrous Paris Climate Accords, cancelled the terrible Iran deal, and renegotiated major trade deals.

Republicans in Congress and I cut taxes and reformed the tax system, helping Americans keep more of what they earn, allowing businesses to grow, and creating thousands of new jobs.

My Administration has improved border security and is fighting to stop illegal border crossings, human trafficking, and drug smuggling. We have made government more accountable and efficient. We have rebuilt the military. And we have reestablished respect for our nation throughout the world.

But rather than cheer for America's success, the Democrats and their allies hold weekly protests and rant against the policies and reforms I have made to help turn this country around.

The Liberals will do anything to attack me and undermine my agenda. No charge is too wild and no lie is too outrageous for the Looney-Left.

That's why I want to gather completed surveys from as many of my loyal supporters as I can reach to set the record straight that my base remains united behind my agenda and is ready to rally behind Republican candidates in 2020.

Each completed survey we gather represents an informed, active voter who is willing to come forward and stand up for my Winning Agenda.

We need to get organized and focused NOW to build toward the next election.

I campaigned non-stop in the closing days of last year's election to help expand our Majority in the U.S. Senate, and avoid the phony "blue wave" predicted by the media. We saw that the candidates who embraced my agenda rallied to victory. Those that didn't...they now have "former" before their titles.

Every Republican in office and running for office should recognize that it's not enough to simply put an "R" next to their name. They need to work with my Administration and me to move our Winning Agenda forward, and they need to make it the core of their campaign platform.

With your help today, I will get that message out and build momentum towards the critical 2020 elections when so much is at stake for our nation. Of course, I am also hoping that you will make a financial commitment to our Party, as well.

We are going to have to fund advertising to try to break through the media-smokescreen of lies and distortions. And we need to register voters, train volunteers, staff offices around the country, hold events, print and distribute literature, and so much more.

So please, Ms. Anderson, include a contribution of \$30, \$45, \$60, or more with your completed survey.

Your feedback through the enclosed **Trump Winning Agenda Survey** can help me let Party leaders and candidates all across the country know that my massive coalition of voters remains united behind my leadership and my agenda.

And your contribution will help the Republican Party build a strong, coordinated national campaign organization to support our candidates in 2020.

The Democrats have made it clear that they have put aside all efforts to address the needs of our nation in favor of all-politics, all-the-time. Their candidates are running hard, raising funds, and building their networks of supporters.

We cannot afford to wait another day to start our own efforts.

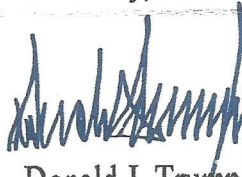

That's why I am asking you to immediately complete and return the enclosed **Trump Winning Agenda Survey** in the postage-paid envelope provided.

And to help fund my **Trump Make America Great Again Committee's** efforts to elect "Trump Republican" candidates who will champion our Winning Agenda, please include a supporting contribution of \$30, \$45, \$60, or even more along with your survey document.

As a businessman, I always feel that when a partner invests their own money, and has "skin in the game," they work harder and care more. So your contribution, no matter how large or small, is very important to me. I want you to be an active, integral part of my team.

Thank you in advance for your loyal and generous support of my leadership, my political goals for our Party, and my policy agenda for our nation.

Sincerely,

Donald J. Trump
President of the United States

P.S. Ms. Anderson, I believe the old saying, "You dance with the girl you brought." That's why I am continuing to fight for the agenda laid out when I ran for President in 2016. And today, I need your help to make sure Republican leaders in Congress and candidates around the country know my platform remains THE Winning Agenda that should be embraced and promoted as we prepare for 2020. So please, complete the enclosed **Trump Winning Agenda Survey** and return it to my political team at the **Trump Make America Great Again Committee** along with your supporting contribution of \$30, \$45, \$60, or more within the next seven business days. Thank you again for your friendship and support.
