Guy

It is a fact that I have no resolve to multiple intentional unjust, criminal actions by the county DA, employer and their self insured workers comp carrier et al resulting in mental and physical impairments.

Bonnie Tweety from Holt Counseling and I will begin weekly sessions again.

I say again, as we can refer to the actions by both you and the defense September of 2018, resulting in immediate no more care for mental and emotional help I was seeking independently.

I will report to Dr Lin to add to the medical file I am reporting and documenting with him and on my blog culexpiapien.com

I am requesting your efforts to legally represent my best

interests. I am forced to act independent of your counsel as I do not get any.

Action Request: Please have all records pertaining to the two QME report/visits/charges to my case regarding QME Benjamin Carey MD for mental evaluation who was flown in from another state, ordered by QME Micheal Broshvag MD the exposure expert in 2016, and billed to my claim with no records as to why or outcome. Civil Violation: Insurance Fraud

A perfect example the history with Stockwell Harris, AIMS, ERMA, MVCAC et al. Beginning with Meidinger v MVCAC in 2006 resolved in 2010 by Eric Helphrey handling 6 employee cases out of a staff of 22 Pesticide Applicators resulting in his partner with the firm. To my detriment.

Action: To date payroll, medical records by agent has been neglected as per law; to provide accurate, full records requested in discovery beginning in 2011 without ceasing to

date by myself and documented on my blog

I'd love to hear from you soon.

Action: Please put all parties on notice. There is a documented pattern of excessive intentional harm used by all parties on dates of my birthday, family death dates; notably my mom's Christmas Eve a two in one weapon and Vicki Bridgewater's suicide/ murder(?) and sabotaging my Independant efforts for mental healthcare. Defenses knowledge attained through intrusive measures ie sub Rosa, subpoenas, depositions, sending co workers to stalk me at my home. Duly Note all parties et al are to cease this behavior and provide all documentation collected in their funding billed to my account.

Continued ignorance of my medical records and the intentional negligence of employer is being documented to pursue all remedies compensated for the civil value not the

workers compensation system value, which is a crime in itself.

I am reporting all facts to Judicial Watch and President Trump in hopes California gets its clock cleaned. No to universal health care or otherwise known as lawyer, insurance carries, expert QMEs cash cow, no care system needs to be reformed.

It starts with us.

God bless,

Tiffany Anderson
